We could have used more help from members keep that in mind for next year. I would like to thank everyone that was involved.

At our meeting we held a silent auction of Planes, Radios and misc flight accessories and it was very good for the Club all of this was donated to the Club by Bob Dunlap, Thank You.

The Club has decided not to do an official Electric Fly, instead we are going to do a Electric Funfly and invite area Clubs Date to be announced. Our Winter Meetings will be held at Severna Park.

During the Winter meetings the Gym will be Available for indoor flying as long as we get enough people to make it worth the Fee.
