

Crabrag

Chesapeake Bay Radio Control Club

Message from the Editor

The purpose of a newsletter is to provide our Club members a way to communicate with everyone in the Club.

If anyone has something to put into the Crabrag, Please forward it to Cliff Haley @ Cliff01@msn.com

I will be sure to include it.

Hello Everyone, It is the

Tail end of the Flying season, for some of our Members.

Some of us are just a little crazy And Fly Year round. I know of A few members who need one flight in Dec to qualify for year round flyers. Also keep in mind and mark your calendars our New Years Day Fun Fly.

We hold it regardless of the weather come out enjoy the company and food as we have a bring a dish type fun fly hope to see a good turn out even if you don't want to fly come out and watch those that do.

President	Chuck Adamo
Vice President	Mike Gates
Secretary	Dave Gould
Treasurer	Steve Barnett
Members at Large	Gary Weller Ron Bergsmith Cliff Haley
Editor	Cliff Haley
Webmaster	Roger Edwards

Now to bring everyone up to date We have a new Vice President, Secretary And Member at large. When you see them Wish them the best I know it has been a while since I have last updated the newsletter, as we held our meetings at the field there has

Not been a lot of Club business going on. Only items that were needed to be discussed. During the summer months We held our Open House which was great We had a good turnout

And in Oct we held Our first Electric Fun Fly Which was a great success And Also held A night Fly. Very Interesting Remember our Meeting for Dec is our annual Christmas Party That's it for now.

After our Meeting's we rent the gym for some indoor flying Please support this if you can.

Above Photos taken at the Open house and Electric Fly in.
